POLLED SHORTHORNS

Are the ultimate type because . . .

. . . they are the most progressive breed of cattle on earth . . .

. . . naturally hornless cattle answer the question of how best to avoid the shrink, the cost and the horror of annual dehorning jobs . . .

. . . feedlots and pastures are safer for children, helpers and owners of farms where Polled Shorthorns are bred . . .

. . . they are the most efficient producers of beef and milk of all breeds of cattle . . .

. . . they are readily adaptable to any climate . . .

. . . they are gentle, thrifty and raise their calves to greater weights at any given age . . .

. . . the demand for Polled Shorthorn breeding stock is increasing annually, which means a steady market at substantial prices.

Dale's Seal x2119243—With reluctance we consign Dale's Seal by the noted Gloster Dale. War labor makes it necessary to reduce number of herd bulls to care for. Have used him liberally in the herd. As we bred and own Collynie Front Rank, Nebraska State Fair grand champion bull and wish to use him, we have decided to sell Dale's Seal. He is right in every way and will solve some lucky Polled Shorthorn breeder's herd bull problem.

Coronet's Impression 2d x2166597—I have consigned cattle to the Omaha sale every year for over twenty years. It is my opinion that this year's consignment is the best lot I have ever had. I also believe that this bull is the best animal I have ever raised and feel sure you will agree with me. He is growthy, mellow, good dark roan color, not a spot on him anywhere. He is wide and deep and extra good back of shoulders and has a short, wide, smooth head. Go over the list of breeders of sires and dams and note if you ever saw a list of better breeders on any pedigree.

He is sired by King of Hearts and is a half brother to the heifer that sold in their sale in 1943 for \$1710. He is dark red, low down and with a good wide head. One of his calves is in the sale.
